

# REGOLOTTO

**Modulazione universale**  
Universal modulation

Regolotto vive il presente con il formato 15x15 cm, attuale e di tendenza. Il suo codice estetico approfondisce le relazioni tra geometria, grafica e design in tutte le applicazioni per il residenziale, il retail e l'hospitality. Oltre alla versione Flat, con superficie piana e uniforme, Regolotto, realizzato in grès smaltato in pasta bianca, è anche Textured con la struttura a rilievo di Tatami.

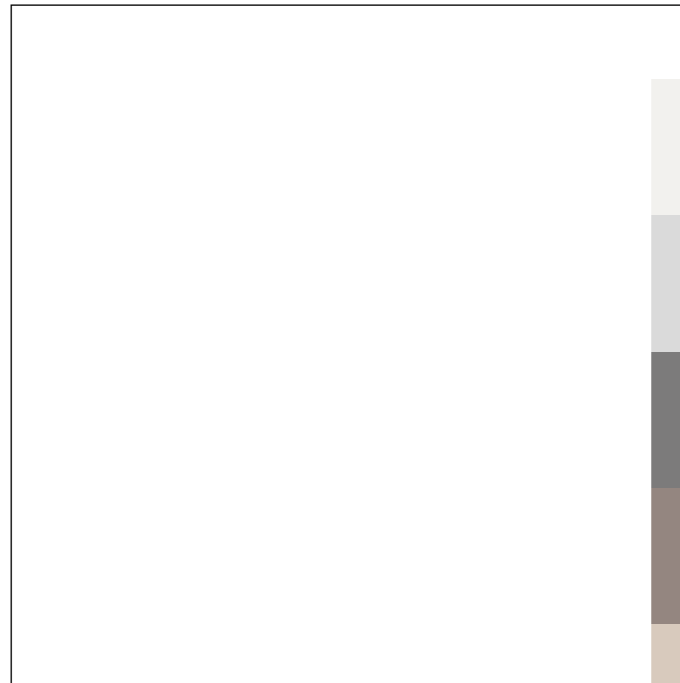

Per ottenere un risultato a regola d'arte, posare con fuga 2 mm. Le fughe, evidenziate con colori a piacimento, possono diventare un'inaspettata e originale componente di progetto. Nel caso di abbinamento Regolo + Regolotto, la posa inizia necessariamente da Regolotto.

*Regolotto experiences the present in the 15x15 cm format, which is trendy and contemporary. Its aesthetic code studies in detail the relationships among geometry, graphics and design in all residential, retail and hospitality applications. In addition to the Flat version (with an even, level surface), Regolotto, which is made of white body glazed stoneware, is available in Textured version with the Tatami pattern in relief. For best results, the tiles should be laid with a 2mm grout joint. The grout joints, highlighted by different coloured grouting, can become one of the project's unusual and original features. If both Regolo and Regolotto are being used, Regolotto must be laid first.*
