RAPSODIA MIX 12 DECORI

CE.SI. presenta la serie Epoque: dodici decori che descrivono il passare del tempo, capaci di permettere la creazione di ambienti sia dal sapore retrò sia di assoluta modernità. Prodotti in 20x20, con le stesse caratteristiche tecniche della serie Full Body R10 A+B e ad essa coordinati, sono adatti al rivestimento di pavimenti e pareti, interni ed esterni, residenziali e commerciali.

CE.SI. introduces its Epoque range: 12 patterns witnessing the course of time, able to allow the creation of both retro and absolute innovative settings.

The range is produced in 20x20, with the same technical characteristics and matching with Full Body R10 A+B range. They are suitable for interior and exterior walls and floors, both for residential and commercial buildings.
